

# **The Global Leadership Institute International {GLI}**

An Epicenter of Kingdom Instrumentation and Technologies

Welcome to the Mobile edition of the Global School of Ministry and the Global Leadership Institute International with Dr. Tim and Theresa Early, founders of the Foundation of the Apostles and Prophets International {F.A.P. Ephesians 2:20}. The Mobile School is a consecutive series of training and impartations purposely designed for migrating and propelling believers into bold new spheres, frequencies, depths, and profound dimensions for kingdom living. The courses are rich and diverse with present truth revelation of the eternal purpose of God and the destiny of mankind, tailor-made in expression to enhance, enlarge, expand, and to extract the very purpose of God in your life for kingdom advancement. It is structured with schooling for ruling and training for reigning. The Global School of Ministry, along with the Global Leadership Institute International {expanded edition} is engineered and designed to reshape, restructure, and to reform the foundations of our understanding, bringing new configurations of the Dominion of Purpose {Dominion Mandate – Genesis 1:26, 28} and our relevant and strategic positioning on planet earth.

It is a school and epicenter, a place for launching mentalities into kingdom realities, defining core values and core stabilization in pioneering and establishing new models, modules and paradigms for global acquisition through our personal and corporate technologies.

The Global School and its mobile counterpart believe that the key to success is perseverance and the key to perseverance is vision. The key to vision is purpose and the key to purpose is God. It is a school of strategies, logistics, and re-tooling, executing the purpose and plan of the King's Domain in the social spheres of LIFE. It is an atmosphere, which fosters yet firmly establishes the dynamics of leadership, stability, vision, and direction in advancing the kingdom of God with clear and concise revelation of the King and his Kingdom.

We trust that the Global {Mobile} School of Ministry and the Global Leadership Institute International will add breath, depth, and LIFE not only to the vast global awakening, but through the forceful momentum of radical and revolutionary changes translating, transcending, and transferring into the culture of the kingdom as a distinct lifestyle, tangible in expression and substance in nature.

The Kingdom of God – Transitioning Mentalities from Church to Kingdom: The construct, module, the interfacing and all internal mechanisms within all of the 12 major world systems are to be KINGDOM. All patterns of life and in all phases of life are to become the KINGDOM. The glory follows the pattern because the pattern comes from the glory. All that can be shaken is removed, and all that remains is HIS Kingdom. All systems and operations within the sphere of humanity are to reflect the core dynamics of the kingdom. Kingdom mentality is also global mentality, and global mentality is the mind of the Lord for planet earth. Kingdom instrumentation executes kingdom purpose. Jesus' message interwoven throughout his earthly ministry was the KINGDOM. It is the motif of all ministry, the main thing being the main thing, the main element and theme of HIS ministry, and the saints...

Other courses of Kingdom Instrumentation and technologies

Reformed Kingdom Economics: There is a difference between a Christian Business and a Kingdom Business. In Reformed Kingdom Economics we bring to light that there is a spiritual and a natural economy. The economy of the Spirit is seriously important for the full fruition of economic calibrations and societal changes. The eternity of the Spiritual dimension is to become an overflow in the practical and natural states of mankind. All is good, done, complete, and finished from His 7th day, but it must become substance and tangibility, and incarnate word for practical kingdom lifestyle. From the Kingdom of God, the King of Kings, The King – Priest Ministry, and from Practical to Ultimate Kingdom, the Kingdom is a way of Life.

Rebuilding and Reshaping the World through the Kingdom: As our dear friend Apostle Ian Chellan, founder of the Global Transformation Institute in College Station, Texas and delegate and leader with the WBN of Trinidad {Dr. Noel Woodroffe} would say, "The Kingdom is the Real World!" Therefore, we are transforming mentalities into kingdom, transitioning mindsets into kingdom, the real deal, & the real world.

Kingdomology – The Kingdom in all spheres and phases of Life: A complete book shall be furnished upon completion of this course. More than required reading, it is a transformational manual of militant kingdom living

Creative Knowledge of Certificates from The Global School and Global Leadership Institute offers to graduating students creative Courses for completion such as Apostolic Technologies, Kingdom Instrumentation, Architectural Patterns and Designs, Kingdomology, Purpose and Destiny, Retooling Mechanisms, Global Apostolic Networking, Kingdom Systems and Operations, Structural Integrity and Technologies, Kingdom Implementation, Strategies, and Logistics, Kingdom Business Systems and Development, Transitioning and Migration, Navigational Properties, Steering Mechanisms, Melchisedec Administration, and...MUCH, MUCH, MORE!

.....

We are also developing kingdom keys for public speaking, piercing, penetrating, and pioneering new developments in the social arena, and new driving mechanisms of kingdom purpose for kingdom advancement. We desire to train up a new leader-shift of 3rd Day people, Joseph – Daniel Companies, and Nehemiah's for governmental presence and purpose. We are here not to fit but to change our world, to reshape today's present culture into the governance and administration of the kingdom, the present truth dimension of progressive revelation and ongoing progressions of the Spirit, and the destiny of mankind.

Our core belief in the Global and Mobile Schools is that why should anyone have to endure years of what they really don't need in order to get certification when you could maximize and seize your moments by getting the personalized hands on transference over mere concepts?

Why should anyone eat 10 apples back to back getting flatulence when one can juice the apple to get the nutrition they need more efficiently? What if you took 3 dozen of vitamins, minerals, and herbs each day without the cells being scrubbed and recharged for boosted and optimum performance?

What if someone tried to eat better and have not had the necessary detoxification needed in order for the vitamins and minerals to be absorbed most effectively in their blood stream? Without the proper dietary modification you may be wasting your money and time. Hebrews 6:5

Students don't necessarily need another prologue and lecture of how eloquent the professor is. Students don't need massive dialog or discourse through conventional and non-illuminated theories and concepts. Rather students are to be awakened from normalcy and to become unplugged from the system of chaotic thinking in order to vanquish beyond and to soar into the unlimited dimensions of the Father's glory, returning from whence they came.

Students need to eat spiritual food conducive to their natural environment {Eden – the Tree of LIFE}. Students need to eat that which pertains to their progression and destination. Like Elijah, he was fed at the brook Cherith by Ravens {30}, later by a widow woman {60} and a while after-wards by an Angel {100} in I Kings chapters 17-19.

The Woman in the Wilderness of Revelation 12 was nourished only because she was in her prepared place. In John 4 Jesus ate meat that no one knew of which was the WILL of God, and in John 6 Peter alludes to the simple truth that there is no where for them to go, for Jesus had the words to eternal life.

So beloved, consider being a part of the Global School of Ministry and the Global Leadership Institute International, and let us grow in quantum leaps, riding upon the high places of the earth and feeding from the heritage of Jacob.
