RUSTON UNITED STRATEGIES & TRAINING OPERATIONS NETWORK

{Isaiah 14:26-27; Acts 1:8}

Welcome to Ruston United Strategies Training Operations Network, a corporate and regional awareness and kingdom thrust to interpenetrate the Ruston, LA region through kingdom apostolic anointing, authority, agenda, access, assessment, alignment, assignment, and advancement.

R.U.S.T.O.N. is purposely given to raise awareness and focus through prayer, assemblages of churches, businesses, city government, and the Lincoln Parish in a concerted effort to work together in a common bond and goal as a {T.E.A.M.}, a collaborating effort, uniting principle, and focus point on the issues at hand which will create regional transformation on a local sphere, economic calibrations, and to help diminish the in-capacities that sometimes plague our progress as a growing community.

This involves becoming advocates in family, school, civil, commerce, and more, as we define the core dynamics of the kingdom in a functional focus, defining deeply the church's role in these areas, with an aim to corporately reshape and re-shift together our focus and foundation in the very place most of us call home.

It is a non-compromising entity, yet with ambassadorial elective to combine our hands together for a common good to advance the core competencies of the kingdom into divine protocol and mutual respect, lending and leading to divine favor for our local region.

Bear in mind, Theresa and I moved from Baltimore, MD, to Houston, TX, now in the greater Ruston, LA region, with a mandate for regional integration, regional interfacing, regional interlinking, and regional initiative, producing regional interactive forums for the furtherance for the given region we live in through.

R.U.S.T.O.N. also involves Teaching and Training those who desire more than just a societal change, but also enlightenment and empowerment to regional purpose through a kingdom - dominion mandate perspective. This will involve prophetic perception and vision, and insights in becoming a standard within our region for regional regeneration, regional transformation, and regional alignment.

This truth must not only be brought into action, but with substance, and with diligence and consistency. It does not require that we be busy for the sake of being busy, but to discern the role in which each of us play in witnessing regional regeneration through our measure of rule, intercession spirit, and generous heart towards what we sense and perceive what God wants to do in our given region.

R.U.S.T.O.N. is in one sense, a symbol of expectation, in all regions of the country and around the world.

R.U.S.T.O.N. is a prophetic statement of what the Lord is doing all over the earth, as again, a {1} Revelation of GOD produces a {2} Revelation of MAN, which produces a {3} Revelation of the KINGDOM which produces a {4} Revelation of the CHURCH and the Marketplace Ministry, which produces a revelation of the {5} DESTINY of the NATIONS, including the regions and spheres each of us is given for.

Whether Pretoria, S. Africa, Toronto, Canada, Baltimore, Maryland, Nassau Bahamas, Pune India, Hollywood, or the so-called Hood, there is a force in the earth called the saints which possess the KINGDOM, and we are given to bring HIS governmental influence in the earth. We are the kingdom of priests in Exodus 19:5-6, 1 Peter 2:5, 9, Revelation 1:5-6, and 5:10. and are more King-Priest than mere Christian.

Sometimes, we use the word Christian politically and institutionally but in truth, God never called us a Christian in the scripture, although it is good to be a true Christian. Christian is Christ-like, but we are also called to be CHRIST-LIFE. Heathens in early church era tend to use the term as a mockery, but beloved, God cannot be marked. We are HIS image in the earth, and the IMAGE of God shall fill the earth in all spheres and phases, as we transition from church to Kingdom, for the kingdom produces the church.

Therefore, we welcome you to a few insights and core dynamics of R.U.S.T.O.N., as nations of the earth shall celebrate the sound of HIS presence together of Ruston, LA, or R.U.S.T.O.N.

R.U.S.T.O.N. again, is Ruston United Strategies Training Operations Network...so here goes some corporate initiatives therein...note below.

R - RUSTON: An assignment for any and all to ascertain the history of Ruston, LA, and the region, to access historical knowledge of its beginnings, and its present state, and to address the concerns that prevail in most people's thinking. Oftentimes, ones perception becomes their reality, but what about God's reality? We need to discern, not alone detect, but discern the present tide of Ruston {or, place your city and region here such as B.A.L.T.I.M.O.R.E., or S.A.O. P.A.U.L.O., etc _____}, to prophetically speak to atmospheric changes releasing heaven to earth, the mind of the Lord, and the voice of God in all affairs of the city, and to apostolic-ally implement these changes together to witness a paradigm shift for our communities that will restore HIS purpose, plans, prosperity, and the Posterity of our given region. With this comes community leadership to help navigate the regional saints in moving forward in the right configuration to resound the praises of God for regional transformation and the divine upgrade of thinking, shifting our mentalities from mere information to transformation.

U - UNITED: In Essentials, Unity, in Non-Essentials, liberty, and in all things LOVE. United we Stand, is a core value, core dynamic, and core competency for the migration and momentum of Ruston, LA. We are not alone uniting together for the bigger picture than the painting, but also inviting the nations of the earth, thousands of intercessors worldwide, hundreds of apostles and hundreds of prophets, along with the saints and the hosts of heaven, to respond together for the sound of HIS presence to be made manifest over RUSTON, LA, and for your regions, too. Let's bring focus to RUSTON, LA as we are standing in faith for a mighty outpouring upon this city and region, and the release of the rivers of God coming forth from this region, a universal sound that shall flood Ruston and the greater area, and the re-birthing through the prophetic and the rebuilding through the apostolic dimensions.

This also involves the motive of the Kingdom, the motif of all scripture, and the driving force in all things as LOVE, to behold the glory of a new day in RUSTON, LA. Ruston shall become in many respects a household name in the purposes and plans of God, and more than revival, but revolution, and reformation, and more.

S - STRATEGIES: The following is borrowed from some of our apostolic resources through the GLI or Global Leadership Institute, epicenter of kingdom instrumentation's and technologies.

Strategy {the Science and Art of Military command for large scale combat operations} - When Paul the apostle spoke concerning Warfare, the Greek words which yields today's word "Strategy" came into being. Warfare in 2 Corinthians 10:4 and 1 Timothy 1:18 is defined in the Greek as "Strateia" from another root word meaning "Military service, apostolic career {as one of hardship and danger}.

It is an apostolic campaign, an army, engaged in a strategy {warfare} and may appear to contend with the limited and carnal mentalities of men. In 1 Corinthians 9:7 the Greek word is "Strateuomai" based on another rendition of the word "to serve in a military campaign, to execute the apostolate {regions, territories, cities, provinces, nations} with its arduous duties and functions, to contend with carnal inclinations, a soldier}."

Other related words in the New Testament include definitions such as "a body of troops {G.A.D. a predestined troop coming forth, G.A.D. God's Army of Deliverance or God's Army of Destiny}. Continuing...a troop more or less extensive or systematic...army, soldier, man of war...Strategos - "a General, by implication or analogy a military, governor, chief of the Levitical temple, wardens, captain, magistrate..."

Words like "Stratiotes," warrior," Stratologo, "gather {or select} as in a warrior, to enlist in an army," Stratopedarches, ruler of an army, captain of the guard, and finally, "Stratopedon, camping-ground, a body of troops."

The church of God is often seen as the bride, but it is also HIS son! It is a Bride in Union with Combat Boots on. It is not merely the family of God, but apostolic-ally the Army of God. It is not alone a soldier but a warrior, a passion to engage the enemy and to establish the battle plan and tactics in seizing bold new territory for the advancing of the kingdom. If we are not positioned for possession in our progression and led into militancy for apostolic colonization, we move from apostolic acquisition and seizing to having corporate seizures, get it.

The strategies for RUSTON, LA are birthed out of the Spirit, practical in expression, and designed to engage spiritual oppositions as we define spiritual climates, climatic changes, and as principalities are driven out by the saturation of the kingdom in men's principles. Challenge the principles of men, and you drive out the principalities of that region.

Training, teaching, and strong apostolic focus - foundation is needed and to be embodied within a people of HIS passion to change our region through the Dominion Mandate. This requires several important assessments and advancements in kingdom agenda, but more shall be further elaborated in the sessions for our given region, and your given region as well.

T - TRAINING: Training is a key in getting the right configuration for re-calibrating the strides, progresses, and pursuits of the kingdom for RUSTON, LA. Training may involve governmental prayer, as my friend Dr. Noel Woodroffe entitled one of his books, "Governmental Prayer, the Warfare Expression of the Apostolic." Go to Amazon.com and secure your very own copy. Also, training and interactive sessions are needed as we sometimes come from certain positions unchallenged by apostolic and prophetic dimensions. Dr. Jonathan David of Malaysia, and his comprehensive network wrote a book which became one of the most important book in Global Apostolic Reformation, a book entitled, "Apostolic Strategies Affecting Nations." It is a must read, the one book if you will, that will prepare you for regional transformation...

O - OPERATIONS: Operations is the integral part in how all things work congruently for maximum yield, and in maximizing our input - output emissions. Operations is also found in 1 Corinthians 12, the Operations of the Spirit, but the same Lord all in all. In the Operations strategy, everyone who are hearing and responding to the sound of HIS presence in this or other given regions, shall prayerful engage their efforts to one degree or another in preaching, praying, prophesying, promoting, and promulgating the WORD of the Lord over RUSTON, LA, as this sets the pace for the northern LA region, and any region for that matter, to align themselves with apostles prophets, elders, business owners, and the corporate glory of the saints in these regions for a regional shift in thinking, and clear focus what RUSTON is to BE and to DO in the global scheme of things. We believe that this will effect mightily, LA Tech, and Grambling State Universities, two universities side by side as neighboring cities in close proximity, and with tremendous potential to help reshape the region in collegiate grace, with the raising up of kingdom standards that will ultimate affect the entire state as well.

N - NETWORK [NETWORKING]: This is the sphere of grace which comes with divine protocol and mutual reciprocity. The networking is never imposed, and there is no official membership to get involved, Again, R.U.S.T.O.N is a symbol of hope, anticipation, and divine expectation with congruent structures and focus with

city, parish {or county}, regionally locking arms with the right agencies through the right configurations, and the core values of the kingdom to bringing awareness to the city of RUSTON, LA. There are no fees, no payments to be collected for R.U.S.T.O.N, just your willing involvement that will translate in a myriad of opportunities to help reshape mentalities into KINGDOM, and we help train you how.

We sincerely hope that this brief but of information {TRANSFORMATION} has been helpful to you, as we simply ask that you join in through intercession, prayer, worship, praise, proclamation, and inter-connectivity with others around the world, to declare and decree RUSTON as a Habitation of God through the Spirit in the name of the Lord.
